NEOPRENE COMPETITION STEERING WHEEL

This original design by Azusa is now available in two sizes; 10 inch diameter and 12 inch diameter. Both feature solid neoprene grip ring molded over a one-piece steel web. . . features that provide vibration absorption and resistance to racing fuels and lubricants. The spokes are plated and the grip ring has contoured finger grooves to provide the beauty and balance you need. These steering wheels are ideal for Karts, Boats, Custom Cars, Dragsters . . . even lawn Tractors
